

Suzlon tops in 'Kaizen Competition'

DC CORRESPONDENT
COIMBATORE, OCT 17:

The Suzlon's Generator Unit in Coimbatore, a leading name in the wind generation equipment manufacturer segment, has won the 'Kaizen Competition' organised by the Confederation of Indian Industry (CII), Southern Region.

A statement here on Wednesday said, this edition of 'Kaizen Competition' was organised recently, in which 100 companies took part. Of this, Coimbatore-based Suzlon's generator unit

received the award for successful implementation of 'Kaizen' in order to achieve a uniform profile of copper bar with an increased productivity thereby achieving the best quality level.

Commenting on the award, J P Chalasani, Group CEO, said, "to stay competitive in the global scenario requires industry to beat the cutting edge of quality. Implementation of Kaizen with innovative ideas, process improvement, cost reduction and an improved quality level is one of the ways to stay ahead in the

competitive world. Suzlon is focusing on robust processes to ensure continuous quality improvement that also results in increased efficiency across the organisation. Kaizen is one of the many initiatives that help us to achieve cost optimization as we work to deliver quality products and services to our clients."

The unit is located at the Special Economic Zone (SEZ) in Karumathampatty near Coimbatore and has a manufacturing capacity of 3,000 mwe equivalent equipment per annum.
