

18th October 2012

For Immediate Release

Suzlon Group wins cumulative orders of 140 MW

- Cumulative order wins between 13th August and 13th October 2012; excluding orders announced separately
- Orders from Belgium, Germany and India

Pune: Suzlon Group, the world's fifth largest* wind turbine maker, achieved cumulative orders of approximately 140 MW over a two-month period, excluding orders announced separately. These cover various orders from Eastern Europe, France, Germany and India.

Speaking on the orders, **Mr Tulsi Tanti, Chairman – Suzlon Group**, said: "These orders clearly underscore the continuing momentum in the wind sector across developed and developing markets. This also highlights our strong outlook and long-term business visibility driven by our strong competitive global positioning as a Group."

These cover various firm orders secured between 13th August and 13th October, 2012 and represent a strong customer-mix, covering international utilities, PSUs, large corporates and SMEs. Some of the key names include the Baidyanath Group, Rajasthan Gums (P) Ltd., Gujarat Alkalies and Chemicals Limited (GACL), and BredeKop Wind bvba (Belgium).

The projects include several wind farms featuring REpower's latest 3.4M104 and 3.2M114 turbine models, with 3.4 and 3.2 MW of rated power respectively. Other orders feature turbines of the Suzlon S88, S82, the REpower MM92 and MM82 types.

Notes to the Editor:

- 140 MW includes unannounced orders won during the 13th August to 13th October, 2012 period, not included in the orderbook announced on 13th August 2012
- Suzlon Group, in addition to the 140 MW announced today, has announced approximately an additional 650 MW over the same period
- Cumulative orders include orders won by Suzlon Energy and REpower Systems SE

About Suzlon Group:

The Suzlon Group is ranked as the world's fifth largest* wind turbine supplier, in terms of cumulative installed capacity, at the end of 2011. The company's global spread extends across Asia, Australia, Europe, Africa and North and South America approaching 20,000 MW of wind energy capacity installed in 30 countries, operations across 33 countries and a workforce of over 13,000. The Group offers one of the

most comprehensive product portfolios – ranging from sub-megawatt on-shore turbines at 600 Kilowatts (KW), to the world's largest commercial 6.15 MW offshore turbine – with a vertically integrated, low-cost, manufacturing base. The Group – headquartered at Suzlon One Earth in Pune, India – comprises Suzlon Energy Limited and its subsidiaries, including REpower Systems SE. Visit us at www.suzlon.com
