

Suzlon bags 193.2 MW wind power project order

Renewable energy solutions provider Suzlon Group on Thursday said it secured a contract from KP Group to develop a 193.2-MW wind energy project in Gujarat. The new order for the development of a 193.2 MW wind power project for the KP Group will be part of wind-solar hybrid and STU's (State Transmission Utility) tariff-based project for increasing renewable energy contribution in Gujarat, Suzlon Group said in a statement.
